Concept programme Kids Club – 24th of October (14:00-16:00)

The programme is also accessible for the international communit, however, the speaking language is in Dutch.

1. Short kid friendly info/test their knowledg about the environment and going green– 30mins

Teach the three R's:

- Reduce - reduce the amount of things you buy and use and you will have less to throw away
- Reuse - keep using the same things as many times as you can
- Recycle - find new ways to use old things

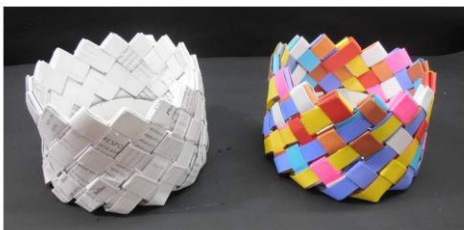

*Short video about the three R'S
